

**DECLARATION OF DOUGLAS J. PATTISON
PURSUANT TO 28 U.S.C. § 1746**

Referenced in the Complaint were web sites that our outside counsel, with the assistance of an internet forensics expert (collectively "Outside Counsel"), concluded were affiliated with JDW Media, LLC and Gillmap Ltd. (the "JDW and Gillmap Websites"). The research our Outside Counsel obtained indicated that the JDW and Gillmap Websites identified in the Complaint at the time of the filing of the Complaint had used Ms. Oprah Winfrey's and or Dr. Oz's name and likeness to sell their products without authority. True and correct copies of screen shots taken of some these JDW and Gillmap Websites are attached to this declaration as **Pattison Attachments A-C**.

"Acai Burn seen on: Oprah, The Oprah Winfrey Show." The top of the web page displays in large font the product "AcaiBurn" and shows bottles of "AcaiBurn." The web page states at the top in large size font: "ACAIBURN SEEN ON:" and then displays the logos for . . .The Oprah Winfrey Show; ABC; MSNBC; Fox News; and CBS News. In fact, he along with Dr. Perricone, (the acai berry man) and Bob Green are the three people Oprah has liked to associate with, for losing the 40 pounds she has put in [sic] the last couple of years. Winfrey believes that Dr. Oz's Colon Cleanse diet along with the power of Acai Burn can bring in a dietary revolution." **Pattison Attachment B.**

10. The screenshot of the web page shown in the Pattison Attachment C attached hereto was printed from the website found at www.acai-berrywarning.com by our Outside Counsel at the time of the filing of the Complaint and shows the "Oprah, The Oprah Winfrey Show" logo at the top of the web page, along with logos for CNN, ABC, Rachael Ray, and the Wall Street Journal Online. The product "Acai Burn" is featured. Further down on the web page it states, ". . . find out why the Acai Berry was rated the #1 superfood in the world and featured on the Rachel Ray and Oprah Winfrey shows!" **Pattison Attachment C.**
11. Ms. Oprah Winfrey has never endorsed or approved "Acai Burn Detox" or "Acai Burn," nor has she ever endorsed any acai berry supplement or acai berry-related product by name.
12. Ms. Oprah Winfrey has never approved or agreed to have her image or name used in conjunction with the marketing and sale of any acai berry-related product.

13. Harpo, Inc., has never approved or agreed to have the OPRAH or "O, The Oprah Magazine" trademarks used in conjunction with the marketing and sale of "Acai Burn Detox," "Acai Burn," or any acai berry-related product.
14. OW Licensing Company, LLC has never approved or agreed to have Ms. Oprah Winfrey's image or name used in conjunction with the marketing and sale of "Acai Burn Detox," "Acai Burn," or any acai berry-related product.
15. The lawsuit Harpo, Inc., filed, along with Dr. Mehmet Oz, as described in Paragraph 6 above, was filed to let consumers know that many internet marketers were willfully and wrongfully using the names of well-known figures, such as Ms. Oprah Winfrey and Dr. Oz, to sell products deceptively.

I declare under penalty of perjury that the foregoing is true and correct.

Dr Oz Acai Burn: Double-benefits from the "dynamic duo"

Dr Oz is a blessed man. He knows his art. In fact, he along with Dr. Perricone, (the acai berry man) and Bob Green are the three people Oprah has liked to associate with, for losing the 40 pounds she has put in the last couple of years. Winfrey believes that Dr Oz's Colon Cleanse diet along with the power of Acai Burn can bring in a dietary revolution. Such a radical team can then take care of the metabolic reversals in the body.

Today, people have become dens of toxins. Toxin first accumulates in the colon area. With time, it creates a sheath of slime that adds to the waistline. Also, there are many toxins that are accumulated in the liver, kidney and lining of vital organs. This makes the organs less strong and creates many diseases when seen holistically. Acai Burn is a powerful capsule.

Its ingredients and then the magic of acai berry make it a potent weapon to lose weight. Such weight that accumulates around the belly can be reduced drastically on taking acai berry. It has antioxidants which make the metabolism work faster. Heightened metabolism makes you lose calories and this result in shedding fat.

At the same time, the polyphenols, phytosterols and antioxidants in Acai Berry create a flushing pipe that siphons out all the fat tissues and toxins. This overall results in weight loss. Such weight loss is not temporary. Yes you have got to persist with Acai Burn till the point weight comes down to the subsistent level where it can't relapse.

Colon Cleanse is a novel idea from the yard of **Dr. Oz** who has worked for a long time for the purpose of creating this larger-than-life medical substitute promoting weight loss. Colon Cleanse flushes out all the toxins from the system and hence makes the fat tissues burn down. This obviously reduces the girth of women. While Acai Burn is a panacea for women, colon cleanse can be utilized by men as well as women.

Acai burn is a masterstroke which works on the power of "world's most powerful fruit". For years, it has helped the Amazon tribesmen in getting into perfect shapes and acquiring agility. This power translates into Acai Burn that makes women more vitalized, full of energy and healthier with a leaner belly. Add it to the Colon Clense diet and not without anything do they call it a "Dynamic Duo".
